LICENSING & REVIEW

We, Stephen R. Elgin, II, a citizen of the United States of America, residing at 803 St. James Lane, Florence, SC 29501, Michael L. Allford, a citizen of the United Kingdom, residing at 2229 Chadwick Drive, Florence, SC 29501, Michael R. Eggleston, a citizen of the United States of America, residing at 216 Ames Bury Pointe, Florence, SC 29501, hereby declare:

That we made and conceived the invention described and claimed in patent application Serial No.10/604,521, filed in the United States of America on July, 28, 2003, entitled "Superconducting Magnet Coil Support Structure"

That we made and conceived this invention while employed by GE Medical Systems Global Technology Company, LLC. That the invention is related to the work we are employed to perform and was made within the scope of our employment duties;

That the invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of GE Medical Systems Global Technology Company, LLC.

That to the best of our knowledge and belief, the invention was not made (conceived or first actually reduced to practice) under nor is there any relationship of the invention to the performance of any work under any contract of the National Aeronautics and Space Administration.

OK

Serial No. 10/604,521

15NM5686 (GEMS 0217)

The undersigned inventors declare further that all statements made herein of their own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
